Important information regarding bags:

The Return-It Express system requires a standard, commercially available "Blue" or transparent recycling bag. This allows employees to see inside, ensuring the contents are safe to process.

"Blue" or transparent bags can be purchased at most major hardware and grocery stores. There are many acceptable brands to choose from, including the more popular brands below:

- Glad Regular Easy-Tie Recycling Bags
- Superstore No-Name Quick Tie Regular Blue Recycling Bags
- Home Depot HDX Blue Recycling Bags
- Safeway Regular Recycling Bags
- Shoppers Drug Mart Life Brand Clear Blue Recycling bags

* Please avoid bags with the "Pull String" closing system. They have a tendency to leave a hole at the top where your containers can fall out, as well as potentially catch or snag the counting equipment.

The Return-It Express system is easy to use:

To sign up for your free Return-It Express account, visit **express.return-it.ca** and register with a phone number of your choice.

With Return-It Express there's no need to sort. Simply place your empty beverage containers securely into a "Blue" or transparent bag.

Visit your nearest Return-It Express kiosk and use your registered phone number to access your account.

Select how many bags you have and where you want us to deposit your refund. You can either choose your account or a charity.
*6-bag limit per drop off.

Once you're finished, the kiosk will print off labels for you to stick on each bag. It's important each bag receives its own sticker.

Place your bags into the Express Kiosk drop off area and you are done. We'll sort, count and refund your deposit. It's that simple.

Go online to check the status of your account or to redeem your refunds for e-gift cards, a cheque or a charitable donation.
